

# mk North America Unveils Cutting-Edge Automation Solutions at Automate 2024

*mk North America is exhibiting at Automate 2024 at McCormick Place, Chicago, May 5-9.*

BLOOMFIELD, CT, USA, March 13, 2024 /EINPresswire.com/ -- \*Booth Number: 3813\*

BLOOMFIELD, CT - [mk North America](#), a leader in conveyor and material handling solutions, is set to make a significant impact at [Automate](#) 2024, where they will showcase their latest innovations in automation technology. Visitors are invited to experience firsthand the capabilities of mk's [VersaMove](#) product line, SPU 2040, and explore two exciting new displays.

## Featured Products:

1. VersaMove: A versatile and efficient material handling solution designed to meet the dynamic needs of modern manufacturing.

2. SPU 2040: A cutting-edge conveyor system that combines efficiency with precision, providing optimal performance in various industrial applications. The SPU 2040 is always a crowd favorite and if you have not had a chance to see it in action now is your chance.

3. MBF-P 2040 Conveyors and Linear Motion Module LZR: Witness the seamless interaction of

a member of the mk Technology Group

mk's conveyors with robotic pick and place operations, showcasing the capabilities of their vast breadth of product when integrated with modern automation equipment.

#### New Product Unveiling:

Attendees will have the exclusive opportunity to view the unveiling of a new product. This innovative expansion to mk's lineup is based on the success of their pallet-handling conveyors and flat top chain conveyors, promising to redefine automation standards. You are not going to want to miss this addition.

#### Live Demonstrations:

Visit the booth to witness live demonstrations highlighting the innovation of mk's conveyors in tandem with robotic pick and place operations, showcasing the reliability and efficiency of their solutions.

#### Complimentary Refreshments:

In addition to the technological showcase, mk North America is excited to offer complimentary refreshments to all Automate 2024 attendees. This provides a perfect opportunity for networking and engaging in insightful discussions about the future of automation.

#### Event Details:

Booth: 3813

Date: May 6 -9, 2024

Location: McCormick Place, Chicago IL

#### About mk North America:

mk North America has a proven track record of delivering innovative conveyor and material handling solutions to industries worldwide. With a commitment to excellence and continuous improvement, mk North America remains at the forefront of automation technology.
