DENTAL

Castle Dental is now Center Valley Dental

Sedation dentistry at Center Valley Dental is designed for individuals who experience dental anxiety, have a low pain threshold, require a large amount of dental work, or have a hard time sitting still during procedures.

Many of our patients have expressed how sedation dentistry has completely transformed their view on dental care"

Dr. Matthew Lang

"Many of our patients have expressed how sedation dentistry has completely transformed their view on dental care," says Dr. Matthew Lang, a leading Lehigh Valley cosmetic dentist at Center Valley Dental. "Our advanced sedation options allow us to perform a variety of

procedures, from routine cleanings to more complex treatments, without the patient feeling any discomfort or anxiety. This is a game-changer for those who have been avoiding essential dental care due to fear."

Center Valley Dental offers various levels of sedation to meet the unique needs of each patient, including nitrous oxide (laughing gas), oral sedation, and IV sedation. Each method is administered by skilled professionals trained in sedation dentistry, ensuring a safe and effective dental visit.

Patients interested in learning more about sedation dentistry in the Lehigh Valley and how it can provide a stress-free dental experience are encouraged to schedule a free consultation by visiting <https://centervalleydental.com/request-an-appointment/>. Center Valley Dental is dedicated to providing a welcoming, comfortable environment where patients can achieve

optimal oral health without fear.
