

# Canary Technologies Partners with Global Fintech Adyen to Transform Hotel Payment Processing

SAN FRANCISCO, CA, UNITED STATES , March 13, 2024 /EINPresswire.com/ -- [Canary Technologies](#), the #1-rated global Guest Experience Platform, today announced its integration with Adyen, the global financial technology platform of choice for leading businesses. This collaboration enhances the payment processing capabilities offered to hotels, redefining the way digital transactions are conducted in the hospitality industry.

With the Canary and Adyen integration, hotels can now provide guests with seamless and secure transactions that set a new standard for efficiency and convenience. One of the most notable features of this partnership is the implementation of 3D Secure (3DS), which provides an additional layer of security for online credit and debit card transactions. This cutting-edge technology ensures that guests' payment information is protected at all times, giving hotels and guests peace of mind when making online reservations.

“

This integration marks a significant milestone in our ongoing commitment to providing our hotel partners with a more efficient, secure and flexible payment solution.”

*SJ Sawhney, co-founder of  
Canary Technologies*

“We are thrilled about our collaboration with Adyen,” said SJ Sawhney, co-founder of Canary Technologies. “This integration marks a significant milestone in our ongoing commitment to providing our hotel partners with a more efficient, secure and flexible payment solution.”

“Across the hospitality industry, the growing number of digitally-savvy consumers is driving the need for seamless check-in,” said Mark Rademaker, Global Head of Hospitality at Adyen. “Through our integration with Canary, we are helping re-imagine the hospitality experience and

future-proof frictionless and memorable guest journeys."
