

# Thermal-King, Inc. of Spokane, Washington seek acquisitions of HVAC and Plumbing businesses in Washington and Idaho

---

*Seeking to acquire established residential and commercial HVAC and Plumbing companies to grow its business.*

SPOKANE, WASHINGTON, USA, March 14, 2024 /EINPresswire.com/ -- Thermal-king.com of Spokane WA Seeks Acquisitions of HVAC and Plumbing Companies in Washington State

Thermal-king, Inc., Thermal-king.com, a leading provider of HVAC and plumbing services in Spokane, is pleased to announce their plans to expand their business through acquisitions of other HVAC and plumbing companies in Washington state.

With over 20 years of experience in the industry, Thermal-king.com has established a strong reputation for providing high-quality and reliable services to their clients. As a result, they have seen significant growth in their business and are now looking to expand their reach by acquiring other companies in the same field.

The company's President, Loren Knight, stated, "We are excited to announce our plans to acquire HVAC and residential as well as commercial plumbing companies in Washington state. Our goal is to expand our services and reach more customers in the area. We believe that by combining our resources and expertise with other established companies, we can provide even better services to our clients."

Thermal-king.com is currently in talks with several potential acquisition targets and is actively seeking more opportunities. The company is looking for businesses that share their commitment to providing top-notch services and have a strong customer base. They are also open to partnering with companies that offer complementary services to their own also in Washington well as Idaho.

Thermal-king.com's expansion plans are a testament to their dedication to growth and providing the best services to their customers. With their expertise and resources, they are confident that they can continue to deliver exceptional HVAC and plumbing services to the residents of Washington state.
