Head of Cybersecurity, UAE
Government*

Set against the backdrop of the prestigious GISEC Global, the premier gathering for cybersecurity professionals worldwide, the GISEC Cyber Excellence Awards ceremony

promises to be one of the highlights of this edition, which annually brings together top cybersecurity enterprises, Chief Information Security Officers (CISOs) from leading corporations, government dignitaries, and cyber leaders from across the Middle East, Africa, and Asia. The United Cybersecurity Alliance, renowned for its distinguished efforts in celebrating top talent through events such as the Cybersecurity Woman of the Year, held annually at other international venues, is now bringing its expertise to the Middle East in collaboration with GISEC. This partnership aims to recognize the exceptional talent and hard work of cybersecurity professionals in the region, who play a crucial role in maintaining our digital safety and security.

In anticipation of the awards, Carmen Marsh, President, and CEO of the United Cybersecurity Alliance, expressed her excitement: "We are excited to partner with GISEC to launch the GISEC Cyber Excellence Awards. This initiative is a testament to our shared vision of celebrating achievement, fostering innovation, and building a more secure digital world. We believe that this event will not only honor the trailblazers of today but also inspire the cybersecurity leaders of

tomorrow.

Echoing this sentiment, H.E. Dr. Mohamed Al Kuwaiti, Head of Cybersecurity, UAE Government, United Arab Emirates, highlighted the significance of the event: “The inaugural GISEC Cyber Excellence Awards, taking place in partnership with the United Cybersecurity Alliance and GISEC Global 2024, heralds the brilliant minds venturing into uncharted territories of technology and elevating the Middle East industry across the world.

Further cementing the UAE’s prominence in the global tech landscape, this initiative is aligned with the national cybersecurity strategy, reaffirming the country’s mission to promote a robust and cyber-resilient infrastructure, enabling citizens to fulfil their aspirations and empower companies to flourish.

With an unwavering eye on the horizon, GISEC Cyber Excellence Awards serve as a catalytic force that drives regional prowess, leveraging cross-sector partnerships, opening up new opportunities for innovation, and recognizing the most influential agents of transformation.”

As sponsor of the prestigious Cyber Excellence Awards being hosted at GISEC 2024, Caldwell is proud to support the recognition of outstanding career achievements in the field of cybersecurity”, said Sophie De Ferranti, a Partner in Caldwell’s Global Cybersecurity Practice, as she is looking forward to hearing the insights on industry trends, and highlighting the remarkable accomplishments across the cybersecurity talent landscape’.

“Hinoon is honored to celebrate the Cyber Excellence Awards at GISEC 2024, where innovation meets resilience. By sponsoring and celebrating the Cyber Excellence Awards, we help highlight the dedication, innovation, and resilience of those shaping our digital security landscape”, said Shannon Noonan, the CEO of Hinoon.

Nominations are now being accepted for this inaugural awards program, inviting all who wish to highlight a deserving individual in cybersecurity. Please follow this link [HERE](#).
