*"Celebrating Our Humanity"*

BEVERLY HILLS, CALIFORNIA, UNITED STATES, March 14, 2024 /EINPresswire.com/ -- Three-time Grammy nominee and electronic dance music (EDM) pioneer, Paul Oakenfold, captivated audiences with his highly anticipated performance at the 24th Annual Academy Awards Celebration: "Celebrating Our Humanity". The event took place on Sunday, March 10, 2024, and will be a night to remember as Oakenfold unveiled his latest single, "In Your Eyes", featuring Daphna Ziman's harmonious spoken word, from his forthcoming album on Justice for Women International.

There is not a DJ in today's world who does not have a reason to thank and revere Paul's rise before them. With his roots in London, Paul Oakenfold, together with Carl Cox and Mark Lewis, played a vital role in bringing the EDM culture to America in the late 80s. It is their influence that laid the groundwork for the success of Go Ventures, Insomniac festivals, Winter Music Conference, and Coachella.

Oakenfold's impact on the music industry is immeasurable. His iconic hit, "Ready, Steady, Go", is a mainstay in EDM and featured in films like "Bourne Identity" and "Collateral". This track is the inspiration and title for his best-selling book: truly a music legend. His performance of this track that evening caused a dancing uproar among the elite audience.

Beyond his musical accomplishments, Oakenfold has consistently supported charitable causes. For over a decade, he has been a fervent advocate for Children UN. Now, he is extending his philanthropic efforts to Justice for Women International, dedicating his new album to raise awareness and support for the organization. Justice for Women International ([www.justiceforwomenintl.org](http://www.justiceforwomenintl.org)) strives to empower women and advocate for gender equality.
