

Free Litecoin Wallet for Everyone: NC Wallet Expands the List of Supported Networks

NC Wallet expands its supported networks to include Litecoin, offering users hassle-free and fee-free transactions. Secure, convenient, and rewarding!

HONG KONG, March 15, 2024

/EINPresswire.com/ -- NC Wallet offers a safe and no-fee platform for managing Litecoin. Now, users can make any transactions free of charge with one of the oldest

cryptocurrencies. [Creating a Litecoin wallet](#) via the NC Wallet app takes a few minutes and requires no tech skills. Check out the opening opportunities.

Receive Litecoin

The wallet is designed to suit the needs of a wide range of users, from beginners to masters. Creating an address or a payment link is easy and takes seconds, so customers can get paid in LTC without effort.

Send Litecoin

NC Wallet opens the doors to hassle-free and fee-free Litecoin payments. Users can make purchases in LTC, send it to their friends -- all these with no extra commissions.

Exchange Litecoin

The app provides its users with the tools to exchange cryptos nearly instantly and at market prices. Fast swaps are a real advantage in a volatile crypto market, allowing customers to react to the ever-changing cryptocurrency prices and even profit from them. Now, LTC can be exchanged for more than 25 cryptocurrencies, without leaving the wallet in the friendly interface.

Store Litecoin and Earn

With NC Wallet, users' LTC are well protected. The app is equipped with the latest security features, including two-factor authentication, biometrics, Allow- and Block-lists, withdrawal limits, etc. Moreover, the NC Wallet customers get a bonus on all crypto on balance, including the newly-added LTC. No locking or staking is needed; the bonus is accrued daily on all funds in the wallet.

About NC Wallet

NC Wallet is a commission-free crypto wallet without compromising on security or convenience. The app is constantly adapting to the ever-changing crypto landscape, providing its users with up-to-date features. NC Wallet is available on all popular platforms, including Android, iOS, and in the Web browser.
