

Highly Anticipated Goldshell KA Box Kaspas Miner is Finally Available on Crypto Miner Bros

A premium Kaspas miner, KA Box from reputed mining hardware manufacturer Goldshell mining KHeavyHash has a maximum hash rate of 1.8Th/s at a power usage of 400W.

KOWLOON CITY, HONG KONG, March 15, 2024 /EINPresswire.com/ -- [Crypto Miner Bros](#), a Hong Kong-based, well-known mining hardware distributor, strives to bridge the gap between the modern needs of crypto miners

worldwide in accessing high-quality mining hardware. Miner Bros does so by swiftly bringing the newly launched advanced mining hardware to its customers.

The recently launched [Goldshell KA Box](#) is now available on Crypto Miner Bros. The much-expected Bitcoin halving to happen in April 2024 has kindled a new trend of altcoin mining. Thus, users are more interested in alternative cryptocurrencies now apart from Bitcoin. Kaspas is a potential altcoin offering numerous advantages.

Kaspas is unique as it is developed to solve the trilemma commonly faced by traditional cryptocurrencies like Bitcoin or Ethereum Classic — Security, Scalability and Decentralization. Hence, Kaspas is a step ahead of conventional cryptocurrencies, luring miners towards Kaspas mining.

Goldshell KA Box is a convenient miner with a compact weight of 2000g and a size dimension of 178 x 150 x 84mm, encouraging miners to mine Kaspas on the go. An efficient air-cooled ASIC, Goldshell KA Box comes with two high-speed fans for instant heat dissipation and to prevent machine overheating.

Unlike most air-cooled ASICs, Goldshell KA Box is a silent miner with a reduced noise level of 35 dB, offering a comfortable Kaspas mining experience. The recommended atmospheric temperature for Goldshell KA Box is 0 – 35 °C, while the humidity is 0 – 65 %. Hence, placing the Goldshell KA Box in a well-ventilated area is crucial.

In summary, Crypto Miner Bros ensures that every miner worldwide can access the newly launched high-quality ASICs immediately. Crypto Miner Bros partners with established mining hardware manufacturers and brings the best products to its customers. The website has a wide range of ASICs mining several cryptocurrencies to meet the expanding altcoin mining needs. Moreover, Crypto Miner Bros provides dedicated assistance for its customers, ensuring a positive buying experience.
