ENX has confidently spotlighted ABT as elite for a multitude of reasons, including the company's significant growth, strategic expansion, and committed community engagement.

ABT has notably expanded its catalog of services, introducing VoIP phone systems, building access control, mailing systems, and digital displays. This diversification of services has enabled ABT to deepen relationships with existing clients while uncovering new opportunities. The company's strategic approach to expansion demonstrates its mission of evolving with market demands and its ability to exceed customer expectations.

Another pivotal accomplishment for ABT was securing an exclusive contract with a national healthcare provider, encompassing over 2,000 locations and the replacement of 10,000 devices. Beyond its business accomplishments, ENX was also impressed with ABT's involvement with the community. Collaborations with organizations like the Mean Street Worship Center and Iron Sharp have allowed ABT to provide food and supplies and donate 3,000 backpacks to homeless children. Additional partnerships with Hope Online, Escuela de Guadalupe, and the Centennial Faith Council further highlight ABT's commitment to giving back and supporting those in need.
