

## Space City Distribution Celebrates 5 Years of Excellence in the PVF Industry

Space City Distribution celebrates its fifth anniversary as a leading distributor of Pipes, Valves, and Fittings (PVF) - Houston Based, Global Reach

HOUSTON, TEXAS, UNITED STATES, March 16, 2024 /EINPresswire.com/ --<u>Space City Distribution</u> proudly announces its fifth anniversary as a premier <u>distributor of Pipes, Valves,</u> <u>and Fittings</u> (PVF). Founded on a commitment to delivering unparalleled service and top-quality products, Space

City Distribution has emerged as a trusted leader in the industry, serving clients across diverse sectors.

## "

We are thrilled to commemorate five years of achievement and growth. We have some of the best partners in the industry that allows for us to keep up this level of service"

Ryan Johnson, CEO

Since its inception, Space City Distribution has been guided by the motto "Service that is Out of This World," emphasizing their dedication to exceeding customer expectations. Under the leadership of CEO <u>Ryan Johnson</u> and President Ronnie Ruzicka, the company has experienced significant growth and success, cementing its position as a preferred supplier within the PVF market.

"We are thrilled to commemorate five years of achievement and growth," said Ryan Johnson, CEO of Space City Distribution. "Our success is a testament to the

hard work and dedication of our team, as well as the loyalty of our valued customers."

Ronnie Ruzicka, President of Space City Distribution, added, "We are grateful for the partnerships we've formed and the support we've received from our clients, employees, and supply partners. As we celebrate this milestone, we remain committed to delivering exceptional service and innovative solutions to meet the evolving needs of our customers."

Over the past five years, Space City Distribution has expanded its product offerings, forged strategic alliances with top manufacturers, and implemented cutting-edge technologies to enhance efficiency and customer satisfaction. Their unwavering commitment to quality and innovation has set them apart in the competitive PVF landscape.

As Space City Distribution marks this significant milestone, they express gratitude to their loyal clientele and dedicated team members who have contributed to their success. Looking ahead, they are poised to continue their trajectory of growth and excellence, striving to surpass industry standards and provide unparalleled service to their customers.

## CHIEF EXECUTIVE OFFICER, Ryan Johnson

Ryan has dedicated his career to supply chain management. He began his professional life in grocery and construction management before embarking on a near decade of service in numerous facets of supply chain for the prime Space Shuttle contractor outside the Johnson Space Center (JSC) in Houston, TX. From supporting space walk (EVA) training to shuttle simulators and payload supplies, Ryan was exposed to the complete scope and unique challenges of government procurement and materials management. As the space program transitioned to private industry so did Mr. Johnson. Ryan became the catalyst for growth of an international supply company and propelled the organization via business development and execution management that increased sales by multiples. During this of tenure, Mr. Johnson traveled to scores of countries on five continents and gained valuable experience in diverse supply chain challenges and execution. After decades of preparation, Ryan launched Space City Distribution to support the stars of industry with Service that is Out of this World!

## PRESIDENT, Ronnie Ruzicka

Ronnie Ruzicka is experienced in all aspects of the piping industry. He began his career with an industry leading flange manufacturer gaining valuable on the job experience while

Space City Distribution PVF In Stock

building his credentials as an inspector, eventually becoming certified in NDE Level III Phased

Array UT, UT, MT, and PT. After years of supporting expanding manufacturing capabilities, Mr. Ruzicka transitioned to leading quality and operations teams for the world most complex valve assemblies bringing operational excellence and positive culture impact. This combination of experiences led Ronnie back into the manufacturing world where he helped transform a precision machining company with state-of-the-art robotics and equipment. Successfully conquering these disciplines, he found his way to the distribution end of the piping supply chain. Utilizing all the tools acquired over a career in the PVF world, Ronnie now delivers technically knowledgeable value to his customers helping them succeed through consultation, honesty and no-excuses execution.
