

Jase Medical Launches KidsCase Offering Emergency Rx Access For Families Across The Nation

NEW YORK, NY, UNITED STATES, March 18, 2024 /EINPresswire.com/ -- [Jase Medical](#), a pioneering leader in medical preparedness solutions, proudly announces the launch of its Pediatrics Kit. Designed to cater specifically to the needs of busy parents with children aged 2-11, the Pediatrics Kit offers emergency Rx and OTC medication access for families across the nation.

"The [KidsCase](#) represents a significant leap forward in preparedness and peace of mind for families everywhere. By providing emergency antibiotics and other essential prescription medications tailored specifically for children, Jase Medical is ensuring that our youngest and most vulnerable have access to the care they need, when they need it most," said Dr. Shawn Rowland, Founder & CEO of Jase Medical.

Key features and components of the Pediatrics Kit include: Rx Amoxicillin Trihydrate 250mg chewable tablets (40 count), Rx Ondansetron ODT 4mg tablets (20 count), Rx Hydrocortisone Cream 2.5% (quantity 1), and Ibuprofen children's 100mg tablets (24 count). The kit also includes a comprehensive guidebook ensuring safe medication practices and dosage information.

"Furthermore, customers have the flexibility to include additional medications such as epi-pens, topical antibiotics, and other essentials, tailoring their kit to their family's specific needs," said Dr. Rowland.
