

ProAct Safety CEO to Present Opening Keynote at Iowa-Illinois Safety Council's Annual Conference

Galloway's session, based on his new book, focuses on getting from compliance to sustainable safety excellence.

HOUSTON, TX, USA, March 19, 2024

/EINPresswire.com/ -- ProAct Safety, a recognized pioneer of safety excellence strategies, announced its CEO, Shawn M. Galloway, will lead the opening keynote "[Bridge to Excellence: Building Capacity for Sustainable Performance](#)" on April 24th at the [IISC Annual PDC](#).

Based on the 2023 best-selling book, *Bridge to Excellence*, this keynote highlights the five capacities required for safety excellence and explores how they synergize to produce excellent, sustainable results. As we move from a "have-to" to a "want-to" culture, from compliance to culture, or from good to great, visual models are critical tools that allow leaders to identify precisely where they are, where they want to go, and what to

focus on to get there. Since 2008, the Bridge to Safety Excellence model has been a visual representation thousands of organizations have leveraged to convey the precise elements to be addressed, to close the gap between compliance and culture, and to discover where they are on the path to sustainable excellence. Join this session to explore where you and your organization are, and learn how to address each component, step by step, as you progress toward excellence.
