“It's a privilege to join the Meeker community and growing orthopedic team at Pioneers Medical Center. I'm excited to bring foot and ankle expertise to the region,” says Dr. Miranda.

Dr. Miranda specializes in performing a wide range of foot and ankle procedures, including cartilage restoration, Achilles tendon repair, ankle replacement surgeries, upper and lower extremity fractures, and sporting injuries for the foot, ankle and knee. He is now ready to see patients at CAO, giving our residents access to the high-quality care they deserve after suffering these serious injuries.

Dr. Kevin Borchard, CAO orthopedic surgeon and Chief Surgical Officer, shares in the enthusiasm, acknowledging that the addition of Dr. Miranda fills a long-standing gap in the services offered at Colorado Advanced Orthopedics. "We are very excited to have Dr. Miranda join us. Foot and ankle treatment and surgery have been underrepresented in our area for a long time. It is fantastic that we can offer these services to our patients," asserts Dr. Borchard.

Pioneers Medical Center CEO Liz Sellers also heralds the arrival of Dr. Miranda to the CAO team. "Dr. Miranda is an excellent addition to our orthopedic surgical team. At Pioneers Medical Center, our top priority has always been to provide patient-centered care. Dr. Miranda shares our values, principles, and dedication to putting patients first," she affirms.

Renowned for his Fellowship training at prestigious institutions such as Cedars-Sinai Kerlan-Jobe Institute in Santa Monica and the University of Pennsylvania, Dr. Miranda lends his skills not only to CAO, but also to the U.S. Ski and Snowboard team as part of their medical unit.
