

# Reliable Basement & Drain Has Expanded Their Basement Waterproofing Team

LORAIN, OHIO, UNITED STATES, March 19, 2024 /EINPresswire.com/ -- Reliable Basement & Drain is pleased to announce that they have recently expanded their basement waterproofing team to serve homeowners and businesses better in Cleveland, Lorain, Port Clinton, and the surrounding areas. As heavy spring rains fall, homeowners must explore their options for basement waterproofing to prevent damage and protect their properties.

Reliable Basement & Drain recognizes the value of a solid foundation to support a home or business property. Excessive water damage can wear away the soil supporting the foundation, causing cracking and other issues that can create significant

property damage. Basement waterproofing is the best solution to prevent these problems, giving homeowners and business owners peace of mind that their properties are safe from water intrusions. With the expansion of their dedicated team, they can help more property owners effectively waterproof their basements to prevent costly repairs.

Reliable Basement & Drain can help property owners with cracked, sagging, or otherwise damaged foundations. Their team will complete [foundation repairs](#) to restore functionality and follow up with basement waterproofing to prevent recurring problems.

Anyone interested in learning about their new team members or the [basement waterproofing service](#) can find out more by visiting the Reliable Basement & Drain website or calling 1-440-324-2380.
