Empowering Local Businesses and Entrepreneurs through Easy-to-Use but Powerful Tools

With the Simply Be Found platform, which is a one-stop-shop that allows users to manage their business' online presence, and their easy-to-use but powerful tools, Simply Be Found bridges the gap between non-tech savvy entrepreneurs and the complexities of digital marketing.

“

Getting your business found organically is simple when you have access to the right tools in place, and that's exactly why we created Simply Be Found.”

*Rob Downey*

For four years and counting, Simply Be Found has been redefining how businesses engage with their local communities by ensuring accessibility of essential tools and resources vital for the success of their members in their business and in connecting with their local markets.

The Company's commitment to innovation and affordable solutions continues to set new standards in the Digital Marketing and Advertising industry.

## Simply Free Plan

Simply Be Found makes [Local SEO](#) accessible to businesses with its highly successful Simply Free Plan. This plan enhances a business's online presence and provide critical tools to support its growth in the digital space.

"We want you to get out there and experience what local SEO does, how that organic search is going to make you a more found and optimized business on searches, whether it's voice or typed searches," said Dean Koehler, co-founder of Simply Be Found.

This initiative continues to foster a digital environment where even entrepreneurs or small businesses can thrive.

Aside from the Simply Free Plan, Simply Be Found has other Membership Plans to cater to the specific and growing needs of businesses.

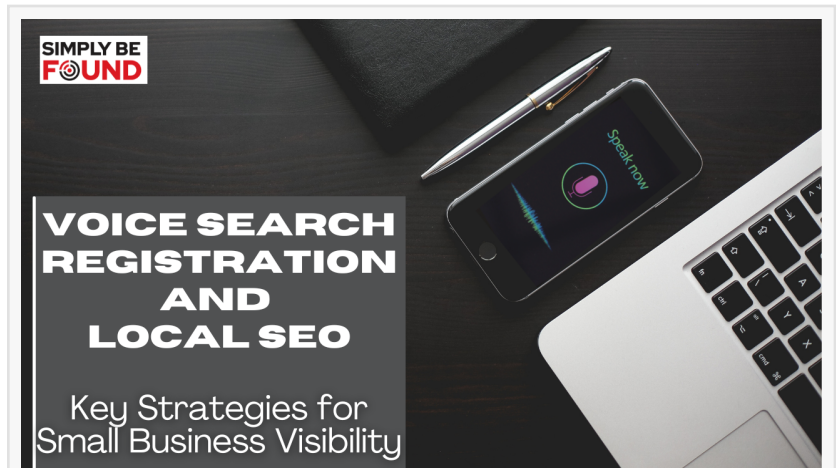

### Enhanced [Voice Search](#) Capabilities

Simply Be Found provides Voice Search Optimization services to increase a business's visibility and engagement with its target audience.

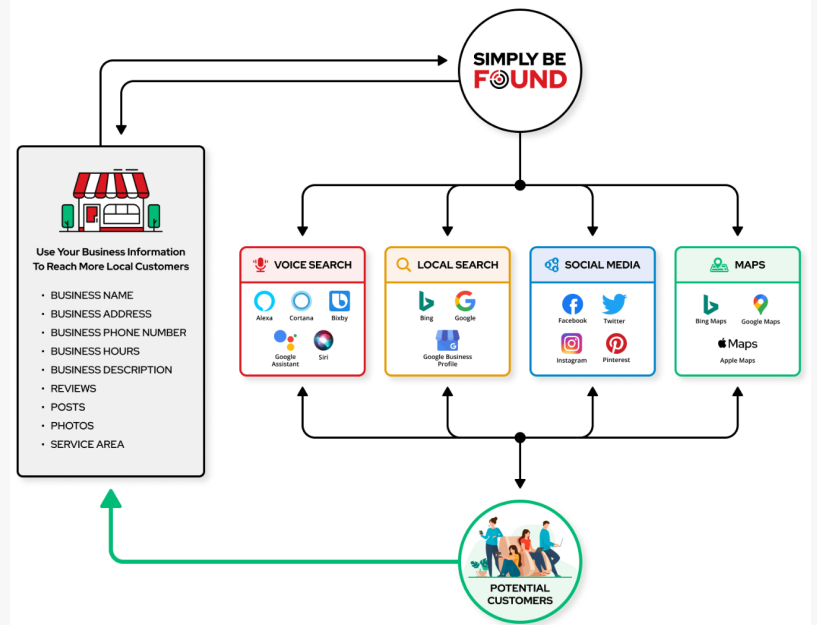

Dean Koehler and Rob Downey, the co-founders of Simply Be Found, are strong advocates of optimizing Voice Search in the digital era. Simply Be Found's emphasis on Voice Search Optimization is not only about keeping up with digital evolution but also about ensuring that their members stay ahead of the curve.

Rob Downey said, "You want to be found everywhere possible so when someone picks up their phone, does a search from their smart speaker, or if they go to their computer or open up a browser and they type something, you want to pop up, you want to be in the number 1 to number 3 spot inside of that search."

### Custom-designed Strategies and To-Do List Algorithm

Optimize your business for Voice Search

Invest in Local SEO to get more customers for your business
