“For a first-time author, Tawnee Chasny has a fantastic tempo. It is hard for a seasoned writer to keep the pace that this book does without adding unnecessary filler... Tawnee Chasny's first book came roaring out of the gate with a vigor that I don't think most people would expect from a book with this title. It is a perfectly crafted page-turner that won't let you put it down. From the mystery behind Carlton's real name and memory loss to the worry you feel when you find out that his memories can put him in danger, it is a wild ride from beginning to end,” writes Arthur Thares for the Hollywood Book Reviews.
