

# Your Home Sold Guaranteed Realty - Embraces Industry Evolution with NAR Proposed Settlement

AURORA, COLORADO, UNITED STATES, March 21, 2024 /EINPresswire.com/ -- In light of recent developments within the real estate industry, Your Home Sold Guaranteed Realty has expressed its supportive stance on the National Association of Realtors' (NAR) proposed settlement to class action lawsuits, including the notable Sitzer / Burnett cases (U.S. v. National Association of Realtors, Case No. 05 C 5140).

This proposed settlement, announced on March 15, 2024, marks a significant step towards enhancing transparency and understanding of brokerage fees among consumers, a move that [William Watson](#), Employing Broker for [Your Home Sold Guaranteed Realty](#), believes is beneficial for the industry at large.

Under the terms of the proposed settlement, the NAR has agreed to implement rules prohibiting listing agents from offering compensation to buyer's brokers through multiple listing services. Additionally, a pivotal change would require MLS participant buyer agents to sign buyer representation agreements prior to showing homes. This agreement is designed to ensure buyers are fully informed about the services provided and the associated fee structure - a practice previously recommended by NAR but now poised to become mandatory.

"We believe in the value of transparency and have always strived to communicate our fee structure clearly to our clients," stated Watson. "These proposed changes align with our team's philosophy and practices, and we view them not as a threat, but as an opportunity to further clarify the buying and selling process for consumers."
