

# RaceTrac Deploys Acumera Reliant Platform to Deliver Next Gen Applications, Uptime and Reliability Thru Edge Computing

*RaceTrac partnered with Acumera to deploy the Acumera Reliant Platform for edge computing in over 805 locations, improving efficiency and guest experience.*

AUSTIN, TEXAS, US, March 26, 2024 /EINPresswire.com/ -- RaceTrac, Inc., a leading convenience store chain headquartered in Atlanta, GA, has successfully deployed the [Acumera Reliant Platform](#) across all of its locations, marking a transformational step in improving operational efficiency and guest experience. With a commitment to delivering a seamless and enjoyable shopping experience, RaceTrac partnered with Acumera to deliver an end-to-end edge computing platform.

RaceTrac Deploys Acumera Reliant Platform for Edge Computing

“

Maintaining the uptime of our critical systems, applications, and devices is crucial to our business operations. RaceTrac simply can't afford any downtime or interruption in service.”

*John Lukas, CIO & VP of Information Technology*

RaceTrac, Inc. operates over 575 RaceTrac convenience store locations across eight southern states and owns more than 230 RaceWay stores in 12 states across the Southeast. Seeking to simplify operations and enhance service, RaceTrac chose the Acumera Reliant Platform for its ability to centralize management and provide real-time insights.

Tyler Grubbs, Executive Director of Store Technology at RaceTrac, praised the Acumera Reliant platform, saying, "We have been impressed by Acumera's edge computing platform. The ability to consolidate hardware and systems

and make changes in near real-time has been a game-changer for us."

John Lukas, CIO & VP of Information Technology at RaceTrac, emphasized the importance of maintaining uptime, stating, "Maintaining the uptime of our critical systems, applications, and devices is crucial to our business operations. RaceTrac simply can't afford any downtime or interruption in service."

The Acumera Reliant Platform has provided RaceTrac with added agility and future-proof technology, enabling the company to add new applications without the need for additional hardware. This has resulted in a 90% reduction in truck-rolls due to critical devices failing and a decrease of over 40% in software tickets since the platform's implementation.

#### About RaceTrac, Inc.:
