## A Decade of Empowerment and Growth

Ten years ago, a revolutionary concept took root—a vast network connecting ambitious young students with opportunities worldwide. Launched in Colombia with just 10 students, the initial program gained momentum in StartUp Chile's incubator program, proving to be a defining moment. London's addition in 2012 heralded a swift expansion that saw The Intern Group stretching its influence to cities like Madrid, Hong Kong, Melbourne, New York, and Dublin.

## Recognition and Innovation

Along with progress, The Intern Group has received various awards over the years as recent as 2023, winning 3 awards from Go Overseas Community Choice Awards. Cited as the "best-reviewed internship program" by Go Abroad in 2017, The Intern Group had visibly set the bar high. Strategic partnerships have also paved the way for growth, including working with the government of New Zealand. Adapting to digital transformations, 2021 witnessed the pioneering Remote Internship Program, allowing interns worldwide to benefit from a comprehensive learning experience.

The Intern Group has received numerous 5-star reviews from past alumni, one stating, “The Intern Group is a great program, other than having been matched to the perfect opportunity for me, I felt extremely supported by the staff. I took part in the Madrid program and was extremely pleased with it. The application process is very complete and easy to follow and The Intern Group is always ready to help whenever. I would definitely do it again! 100% recommend it to anyone who is looking for a short or long term internship.”
