

Element Urns Expands its US Manufacturing Presence

The company has expanded its US manufacturing footprint and is now producing urns and keepsakes in Colorado, Illinois, Ohio, and California.

GREENWOOD VILLAGE, COLORADO, USA, March 21, 2024

/EINPresswire.com/ -- Element Urns is excited to announce that it has expanded its manufacturing footprint in the United States. This includes increasing the capacity of its Colorado facility to produce additional eco-friendly [urns](#), jewelry keepsakes, and other memorial items. In addition, Element Urns is now producing a wide range of urns and keepsakes made from wood, metal, ceramics, and glass at facilities in Illinois, Ohio and California. The company also has its Living Urn tree nurseries in Tennessee, Colorado, and New York.

“

We're excited to expand our U.S. manufacturing footprint while continuing to offer the highest quality, reasonably priced urns and keepsakes to our funeral home partners.”

Mark Brewer, President

Mark Brewer, company President commented, “We’re excited to expand our U.S. manufacturing footprint while continuing to offer the highest quality, reasonably priced urns and keepsakes to our funeral home partners. We are committed to continuing to invest in high quality U.S. manufacturing and provide folks with good jobs right here in America.”

Brewer continues, “An additional advantage of producing urns and keepsakes here in the U.S. includes faster production and delivery times. We believe this is a major

benefit for our funeral home partners as we can re-supply some of our more popular urns quickly and don’t have to wait months to get restocked from offshore.”
