

Equator Releases the All New EHC 2011 Electric Hybrid Cooktop

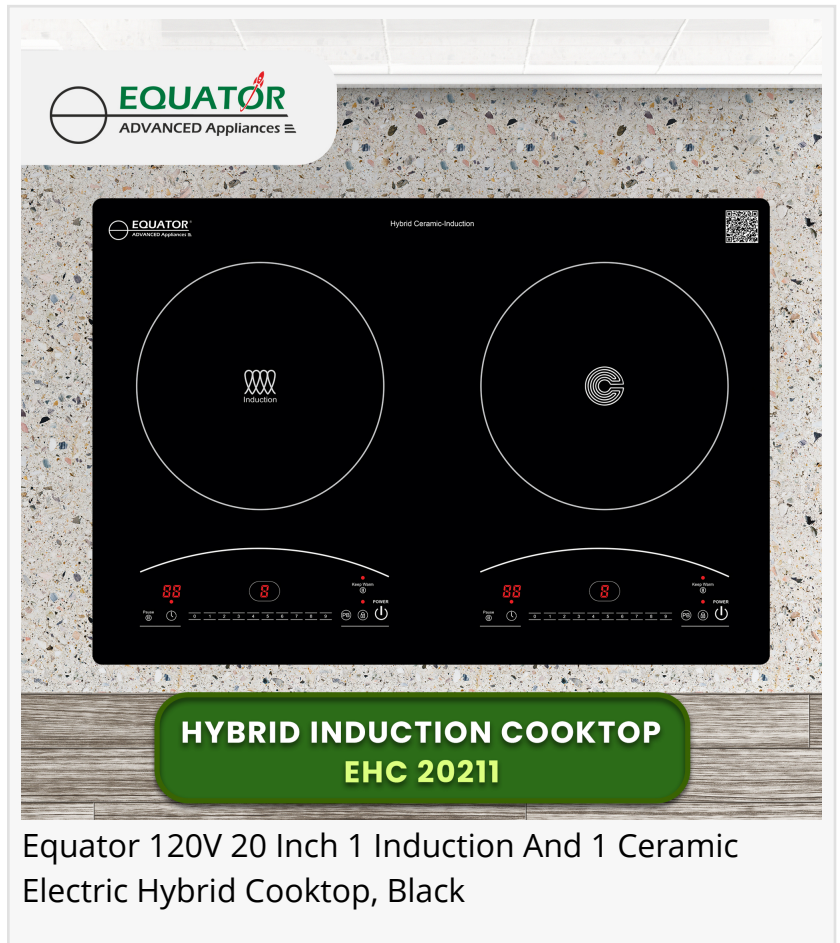

A compact cooktop designed to ease and improve the cooking experience.

HOUSTON, TEXAS, USA, March 26, 2024 /EINPresswire.com/ -- [Equator Advanced Appliances](#) is excited to announce the debut of the [EHC 20211 Electric Hybrid Cooktop](#). By blending cutting-edge technology with sleek design, this Electric Hybrid Cooktop introduces another option for customers seeking new kitchen equipment.

The Equator EHC 20211 Electric Hybrid Cooktop is a hybrid cooktop that is designed to equip a kitchen with functionality and a modern finish. With its elegant black finish and compact design, this cooktop seamlessly integrates into any modern kitchen. It is supported by an advanced, one burner induction cooktop and a standard one ceramic burner. Through its application of advanced induction technology and ceramic cooking capabilities, this cooktop's hybrid functionality provides for multi purposeful use.

Equipped with advanced touch controls, the EHC 20211 boasts an intuitive operation, allowing users to adjust settings with ease. Additionally, the cooktop's quick heat capabilities ensure efficient and uniform heating of cookware for optimal cooking results. Its quick heating capabilities are supported by the potential to deliver up to 1750W of power across 9 adjustable levels with its induction and ceramic burners.

Key features of the Equator EHC 20211 Electric Hybrid Cooktop include a dedicated Keep Warm function, a 99-minute timer for precise heating times, and an auto power sharing for energy-

efficient cooking. The Keep Warm function is especially useful for anyone looking to keep food warm for a party or delay their dinner time.

In addition to its array of core features, this eco-friendly cooktop is equipped with safety features such as a child lock and residual heat indicator, which prioritize the safety of everyone in the kitchen. The appliance also comes with a built-in QR code feature that provides an accessible way to learn more information about the cooktop itself.

Priced at \$289.00, the Equator EHC 20211 Electric Hybrid Cooktop offers exceptional value for homeowners seeking a compact, sustainable, and powerful cooking solution. The cooktop can be purchased directly through Amazon, Home Depot, Overstock, Lowe's, Wayfair, and with major appliance retailers nationwide
