Some facts of the Cataplexy Market Report are:

- According to DelveInsight, Cataplexy market size is expected to grow at a decent CAGR by 2032.
- Leading Cataplexy companies working in the market are Avadel, Takeda, Vallon Pharmaceuticals, Jazz Pharmaceuticals, Inc., Jubilant Pharmova Limited, BIOPROJET, Hikma Pharmaceuticals PLC, Amneal Pharmaceuticals LLC, Teva Pharmaceutical Industries Ltd, Ligand Pharmaceuticals, Suven Lifesciences, Novartis AG, Mylan N.V., Alkem Labs, Alembic Pharmaceuticals Limited, Torrent Pharmaceuticals Ltd, Johnson & Johnson Private Limited, F. Hoffmann-La Roche Ltd., Zydus Cadila, and others.

- Key Cataplexy Therapies expected to launch in the market are AXS-12, SUVN-G3031, Tak-944, TAK-925, FT218, and others.
- The prevalence of cataplexy has been reported in up to 29% of young adults with associated excessive daytime sleepiness. However, the prevalence of isolated cataplexy is unknown.
- In the US, type 1 narcolepsy affects 1 to 2 in 4000 individuals.

Cataplexy Overview

Cataplexy can cause muscle weakness in any part of the body, though it commonly affects the limbs (hands may drop whatever they're holding, knees may buckle, legs may collapse) and face (eyelids may droop, jaw may go slack and speech become slurred, the head may nod). The attacks can range from mild, such as a slight drooping of the eyelids, to severe, such as a total body collapse. Symptoms of cataplexy associated with narcolepsy often begin in childhood and young adulthood, between the ages of 7 and 25 years, but it can start at any time.

Cataplexy Market

The Cataplexy market outlook of the report helps to build a detailed comprehension of the historical, current, and forecasted Cataplexy market trends by analyzing the impact of current Cataplexy therapies on the market and unmet needs, and drivers, barriers, and demand for better technology.

This segment gives a thorough detail of the Cataplexy market trend of each marketed drug and late-stage pipeline therapy by evaluating their impact based on the annual cost of therapy, inclusion and exclusion criteria, mechanism of action, compliance rate, growing need of the market, increasing patient pool, covered patient segment, expected launch year, competition with other therapies, brand value, their impact on the market and view of the key opinion leaders. The calculated Cataplexy market data are presented with relevant tables and graphs to give a clear view of the market at first sight.

According to DelveInsight, the Cataplexy market in 7MM is expected to witness a major change in the study period 2019-2032.

Cataplexy Epidemiology

The Cataplexy epidemiology section provides insights into the historical and current Cataplexy patient pool and forecasted trends for seven individual major countries. It helps to recognize the causes of current and forecasted trends by exploring numerous studies and views of key opinion leaders. This part of the Cataplexy market report also provides the diagnosed patient pool, trends, and assumptions.
