

The Nordlys™ Light & Bright™ Treatment Now Available at Aphrodite Laser Skincare

Aphrodite Laser Skincare is one of the first clinics in Woodland Hills with this innovative treatment technology.

WOODLAND HILLS, CALIFORNIA, UNITED STATES, March 22, 2024 /EINPresswire.com/ -- Dr. Greg Brown is proud to announce that Aphrodite Laser Skincare now offers the revolutionary Nordlys system from Candela. The Nordlys system was named the 2022 Aesthetic Awards Device of the Year and has been featured on the Today Show on NBC. Aphrodite Laser Skincare is one of the first clinics in Woodland Hills to incorporate this system into its state-of-the-art practice.

One of the popular treatments on the Nordlys system is the Light & Bright treatment. Light & Bright is an exciting treatment that both rejuvenates and resurfaces skin to improve redness, dark spots, textural irregularities, and spider veins. It uses a combination of intense pulsed light (IPL) and a non-ablative fractional laser to improve redness and dark spots, resurface the skin, and stimulate the body's natural collagen production for bright, glowing skin. The treatment is backed by clinical studies.

“

I know our patients will enjoy the proven results and greater comfort offered by the Nordlys system.”

Dr. Greg Brown

During a Nordlys Light & Bright treatment, the device delivers energy into the deeper layers of the skin. The skin cells absorb this light and transform it into heat energy to eliminate unwanted pigment. Light & Bright treatment for skin rejuvenation is an excellent option to renew skin and reduce signs of aging.

"I am thrilled to be the first in Woodland Hills to bring the Nordlys system to our patients. The Nordlys device is a major step forward in IPL technology," said Dr. Greg Brown, medical director at Aphrodite Laser Skincare. The Nordlys system is more targeted and comfortable than other broadband light (BBL) treatment options. And, because of its gentle treatment approach, more than one treatment type can be done in a single session. "I know our patients will enjoy the proven results and greater comfort offered by the Nordlys system," Dr. Brown said.
