Empower™ 3.0 from Sigga Technologies Achieves SAP® Certified Integration with RISE with SAP S/4HANA® Cloud

Sigga Technologies announces its mobile maintenance app Sigga EAM Empower™ 3.0 has achieved SAP® certification as integrated with RISE with SAP S/4HANA® Cloud.

HOUSTON, TEXAS, UNITED STATES, March 25, 2024 /EINPresswire.com/ -- Sigga Technologies, a global Enterprise Asset Management (EAM) software

Sigga Technologies

provider, announced today that its mobile maintenance application, Sigga EAM Empower™ 3.0, has achieved SAP® certification as integrated with RISE with SAP S/4HANA® Cloud.

"We are thrilled to receive this certification for Empower™ 3.0. It's a culmination of the depth in our technology, proven SAP expertise, and commitment to our customers in asset-intensive industries like Manufacturing, Oil and Gas, Chemicals, Food and Beverage, Mining and Metals, and more. Unlike other solutions, Sigga is focused on companies using SAP. That means our team is dedicated to delivering innovative solutions that increase workforce productivity and asset reliability." says Rohan Bairat, CEO at Sigga.

Empower™ is an intuitive, no-code mobile application that extends the functionalities of the SAP PM module and replaces printed documents and manual data entry. The platform puts SAP PM in the palm of technicians' hands, increasing workforce productivity and lowering operational costs.

Mobile solutions like Empower™ provide the agility maintenance organizations need as they pivot to become more digital.

The SAP Integration and Certification Center (SAP ICC) has certified that the integration software

for Sigga EAM Empower™ 3.0 integrates with RISE with SAP S/4HANA Cloud using standard integration technologies.
