

# Devhd Expands its Footprint in Digital Transformation: Founder Adrian Herdan Shares Insights on Company Growth

*Devhd: Leading Digital Transformation with ServiceNow for local and international customers*

BUCHAREST, ROMANIA, March 27, 2024 /EINPresswire.com/ -- With a focus on the Romanian market and the DACH region (Germany, Austria, and Switzerland), Devhd executes an impressive 15-20 projects annually, half of which cater to new clientele.

Noteworthy among its clientele are industry giants such as Autoliv, Veoneer, Endava, NTT Data, and Renault, affirming Devhd's prowess in sectors ranging from technology to automotive and manufacturing.

The past year saw Devhd surpass the milestone of one million euros in revenue, setting ambitious targets for a 25% growth in 2024. As the company navigates through a landscape increasingly shaped by technological advancements, it remains committed to meeting the rising demand for process automation solutions, particularly amidst the surge of artificial intelligence (AI) technology.

Adrian Herdan, reflecting on the company's trajectory, stated, "The year 2024 commenced with significant opportunities; we are currently engaged in several medium to long-term projects (over 6 months), utilizing approximately 80-90% of our delivery capacity. Hence, in line with our expansion plans, we aim to recruit and specialize at least six more consultants in [ServiceNow solutions](#) and services this year."

Emphasizing the inexorable march toward digitalization among large and enterprise-level companies, Herdan remarked, "Digitalization, for them, largely entails process automation. Through ServiceNow solutions, we provide an intelligent platform facilitating company-wide automation and interconnectivity, thereby enhancing efficiency and fostering innovation, ultimately driving business growth."

Established in 2016, Devhd offers a spectrum of services encompassing strategic consultancy, implementation, and support/maintenance across various domains, including IT workflows (IT Service Management - ITSM, Strategic Portfolio Management - SPM, [IT Operations Management - ITOM](#), [IT Asset Management - ITAM](#)), employee experiences/workflows (HR Service Delivery, Service Portal), customer experiences/workflows (Customer Service Management), application development, and software automations/integrations.

Herdan further underscored Devhd's track record, stating, "In our seven years of operation in Romania and across European markets, we have successfully completed over 120 projects and delivered more than 40 customized applications for enterprise clients. All projects have leveraged the process automation technologies and solutions offered by ServiceNow, a global frontrunner, for which Devhd proudly holds the Premier Partner status."

As Devhd strides ahead, pioneering digital transformation initiatives, the company remains poised to usher in a new era of innovation and efficiency, solidifying its position as a trusted partner in the journey towards digital excellence.
