

Flextank to Teach California Wineries How to Reduce OpEx Costs; And Increase Sustainability & Revenue at WiVi Conference

Flextank Presents: How to Expand Winery Capacity, and Increase Production Efficiency, Margins and Revenue. At WiVi Conference Booth #227

VANCOUVER, WA, UNITED STATES, March 26, 2024 /EINPresswire.com/ -- • Event: WiVi Central Coast Conference & Tradeshow <https://wivicentralcoast.com/>

- When: March 27, 2024
- Where: Paso Robles Event Center, 2198 Riverside Avenue, Paso Robles, CA 93446.
- Demonstrations: Flextank Booth #227
- Presentation: How to Expand Winery Capacity, Reduce OpEx Costs, and Increase Production Efficiency, and Revenue.

Flextank Vice President of Sales, Jamie Long, and other Flextank leaders will present ways for wineries to reduce operational expense (OpEx) costs, expand production, increase efficiency, and improve revenue and margins at the WiVi Conference & Tradeshow, March 27, in Paso Robles, at the Flextank WiVi Conference Booth #227

Flextank will provide free online tools, expert guidance, and winery production and project consultation tips that are designed to help winery operators reduce their OpEx overhead and increase their productivity, sustainability, and margins. These tools will help winery CFOs and winemakers:

- Estimate in real-time a Winery's projected production, OpEx costs and potential revenue.
- Assess Flextank and barrel requirements by gallons or liters.
- Reduce overhead and OpEx costs, and expand capacity and production efficiency.
- Develop custom, durable long-term production and storage solutions.

Event attendees can access the Real-Time Flextank Revenue + OpEx Calculator both at the booth and online, and send the results directly to their email, via the interactive website. Attendees can

Flextank systems help wineries reduce expenses, and scale and expand their operation.,

also obtain free downloadable checklists and content to help wineries increase productivity and revenue.

About WiVi Central Coast Conference & Tradeshow

The conference and tradeshow feature sessions by top industry leaders on regional viticulture, enology and DTC topics and gives attendees the opportunity to understand and experience new trends and technology. For more information, see:
