

US-based Manufacturer unveils Top 10 Eclipse Glasses Collectibles and Historic Events for April 8th Total Solar Eclipse

American Paper Optics releases their Top 10 Total Solar Eclipse Glasses Collectibles and Historic Events for 2024 to view and commemorate this magical event.

MEMPHIS, TENNESSEE, UNITED STATES, March 26, 2024 /EINPresswire.com/ -- With less than 2 weeks until the spectacular April 8, 2024, Total Solar Eclipse, American Paper Optics unveils their Top 10 Total Solar [Eclipse Glasses](#) Collectibles and Historic Events. This US-based manufacturer is working with hundreds of science centers, schools, museums, foundations, libraries, destinations, and [NASA](#) to make commemorative eclipse glasses. These "Top 10" favorites are listed below by city, lunar events and eclipse peak times for this momentous moment in the sky - that won't happen again for over the U.S. for 21 years (August 2045).

American Paper Optics is making North American Eclipse Glasses Collectibles to commemorate the April 8, 2024, Total Solar Eclipse. This US factory is making a total of 75 million eclipse glasses for this magical event viewable in Mexico, Canada and the U.S.

This once-in-a-lifetime celestial event will be viewable in Mexico, Canada, and 48 contiguous U.S. states. An estimated 3.7 million will travel to the "Path of Totality" to get the best views in 15 U.S. States from Texas to Maine where there will be complete darkness mid-day. The other 33 states will have a Partial Eclipse, and the "Eclipse Magnitude" will vary.

"The 2024 Total Solar Eclipse will be like watching 30 Super Bowls in the sky. And to protect your eyes, consumers must wear safe solar eclipse glasses that are ISO and CE Certified," explains American Paper Optics CEO John Jerit. This US-based factory has produced 300+ million eclipse glasses over the past 34 years that are proudly "American Made in an American Factory, and

American Tested.”

Along with these “Top 10”, American Paper Optics offers collectibles for consumers, including: North American Eclipse Glasses, Patriotic Eagle Eclipse Glasses, Get Mooned Eclipse Glasses, Plastic Eclipser® HD Glasses, Space Cowboy Eclipse Glasses, The Green Alien Eclipse Glasses, and more on their website here:

<https://www.eclipseglasses.com/collections/eclipse-glasses-stock>.

This Total Solar Eclipse will last approximately 3 hours in each location with 2 - 4.5 minutes of “Totality” or a maximum partial eclipse in the middle. This Top 10 is listed based on the city's peak eclipse times across the U.S.

1. Fredericksburg, TX / near San Antonio (Totality = 1:32 – 1:37pm CST)

Eclipse-O-Rama 2024 - [Bill Nye the Science Guy](#) and The Planetary Society are hosting an exceptional camping festival April 7-8, 2024, in Fredericksburg, Texas, outside San Antonio. Nye runs the world's “largest and most influential space-interest organization”. American Paper Optics made Nye's limited edition glasses that are available on EclipseGlasses.com.

“

The 2024 Total Solar Eclipse will be like watching 30 Super Bowls in the sky.”

John Jerit, American Paper Optics President/CEO

2. Austin, TX (Totality, 1:36-1:38pm CST)

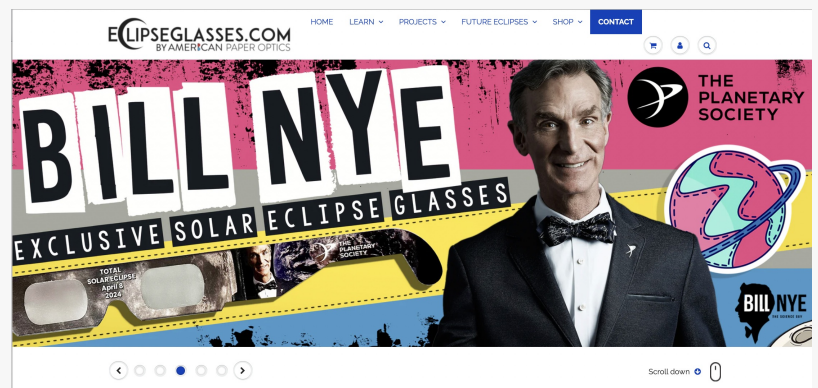

UTotal Solar Eclipse at The University of Texas at Austin – On April 8th, the Total Eclipse of the Horns experience will include 16 Sun Spots on their Forty Acres across campus with burnt-orange eclipse glasses and eclipse-themed snacks.

3. Houston, TX (Partial Eclipse, 94% Eclipse Magnitude, Peak 1:40pm CST)

AMERICAN PAPER OPTICS

US-based American Paper Optics is working with hundreds of science centers, schools, museums, foundations, libraries, destinations, NASA and more to make millions of commemorative eclipse glasses for the 2024 Total Solar Eclipse.

American Paper Optics made limited edition eclipse glasses for Bill Nye the Science Guy and The Planetary Society that are available on EclipseGlasses.com.

Space Center Houston – Anyone can attend Space Center Houston’s eclipse weekend celebrations April 6-8, 2024 with “space flown artifacts, tram tours to NASA Johnson Space Center, out-of-this world events, and more.” And on April 8th, guests will receive a complimentary pair of commemorative eclipse glasses for this epic event.

4. Dallas, TX (Totality, 1:41-1:44pm CST)

Perot Museum and Community Outreach Events – The Perot Museum will host eclipse educational activities and community outreach programs April 3-8, 2024. In addition, the Perot Museum of Nature and Science is partnering with Carnegie Institution for Science to host an extraordinary event on eclipse day. For this Total Solar Eclipse, Dallas will also be the largest city on the “Path of Totality”.

5. Little Rock, AR (Totality, 1:52 – 1:54pm CST)

Arkansas Space Grant Consortium (ASGC) - As a popular eclipse travel destination, The University of Arkansas teamed up with ASGC to distribute 450,000 collectible eclipse glasses. ASGC plays an important role in a nationwide network funded by NASA

“to enhance America's aerospace science and technology capabilities.” On April 8th, the “Path of Totality” will cross 53 counties in Arkansas, including Little Rock.
