"Just had Justin from CW Garage Door come to our house as our garage door wasn't working properly. From start to finish, CW provided us with exemplary service. I called Friday night after regular business hours and was able to get an appointment today (Monday) that worked great for my schedule. Before the appointment, Justin called to confirm he was on his way, and when he arrived, he fixed the issue in no time. If you have any issues with your garage door, do yourself a favor and call CW! Great service, great people, great price!!"

Heartfelt Message From Its Owner - Chris Wilke!

"In 1991 my dad hung his shingle and started his very own garage door company in the city of Tustin, California. As a young boy I remember sitting in his truck after school doing my homework as he finished that last install or service call. I admired my father's dedication and drive, and he inspired me to learn the trade. He instilled in me the importance of hard work, and providing a quality service I could be proud of. When I moved to Canada in 2009 I took with me my father's lessons. Now as a business owner myself, I continue to strive for that same excellence and customer service," wrote Chris on their website which shows his love and passion for the job and respect for his father who always guided him!
