

# Manual.to Now Available on Microsoft AppSource

*Manual.to joins Microsoft AppSource, enabling global access to its user-friendly knowledge-sharing platform, enhancing efficiency and reducing costs.*

GHENT, BELGIUM, March 26, 2024 /EINPresswire.com/ -- [Manual.to](https://Manual.to), the leading software for instant know-how, today announced the availability of the Manual.to platform on [Microsoft AppSource](https://MicrosoftAppSource.com), an online cloud marketplace providing tailored line-of-business solutions.

Manual.to, a web-based SaaS platform, empowers frontline employees by providing a user-friendly medium for capturing and sharing knowledge. This platform facilitates the rapid creation of illustrated content such as how-to instructions, training manuals, SOPs, and product guides. Leveraging instant machine translation and simple design principles, Manual.to enables quick and effective employee training on a global scale.

Manual.to addresses the universal need for companies to instruct frontline employees and customers efficiently, especially for multinational corporations with diverse audiences.

Key benefits include:

Leverage quick and simple digital tools to share know-how with employees

Minimize errors and reduce down time

Reduce employee and customer support costs

Reduce training time & translation costs, accelerating knowledge sharing

Drive adoption of digital tools globally

## manual.to

Accessible on any device, in any language, and deployable globally through QR codes or personalized URLs, Manual.to runs on Microsoft Azure, ensuring security and compliance.

"Microsoft AppSource welcomes Manual.to, which joins a cloud marketplace landscape predicted to grow revenue 500% from 2022 to 2025," said Giovanni Mezgec, Vice President, Modern Work + Business Applications Field & Partner Marketing, Microsoft Corp. "Thanks to AppSource and line-of-business solutions from trusted partners like Manual.to, customers can do more with less by increasing efficiency, buying confidently, and spending smarter."

As described by CEO & Co-Founder, Jorim Rademaker: "We're excited to launch Manual.to on Microsoft AppSource, highlighting our dedication to empowering organizations globally. Partnering with Microsoft allows us to leverage a secure and extensive ecosystem, ensuring our innovative platform reaches a worldwide audience. This move aligns with our mission to streamline knowledge sharing and enhance productivity on a global scale."

Manual.to, recently included in the Eviden Scaler program (October 2023) and part of the Microsoft Accelerator program since 2017, is one of Belgium's fastest-growing software companies with a diverse global customer base. This includes major players like P&G, ABB, Umicore, Dupont, Aperam, CEVA and G4S.
