/EINPresswire.com/ -- [Equator Advanced Appliances](#) unveils a new era of [stackable washer and dryer sets](#) by kicking off with the Equator Super Washer and Compact Standard Dryer. With a focus on compact size and spacious interiors, this set can be optimized to fit in any space. Additionally, this new washer and dryer set is up to industry standards and includes a color coded LED display.

The Equator 826 Washer, measuring 33.5 x 23.5 x 21.85 inches, boasts a total capacity of 1.62 cubic feet (15 lbs) and is supported by an anti-bacterial drum baffle. Loaded with 16 total programs, selected via an electronic control panel and touch buttons, this washer is equipped to handle almost any fabric with precision. From Normal and ECO to Heavy, Quiet Cycle, Winterize, Allergen, Pet Cycle, Wool, Sanitize, and more, the Equator Super Washer ensures customized cleaning for each load. The Pet Cycle, designed for pet owners, effectively eliminates pet hair, while the Allergen Cycle removes pollen, dander, and other particles. Additionally, use the delay start function to determine when the laundry cycles run.

Transitioning seamlessly to the Equator 860 Dryer, measuring 32.3 x 23.6 x 21.5 inches with a capacity of 3.5 cubic feet (13 lbs), the set offers a comprehensive laundry solution. The dryer features a secure child lock, Sensor Dry for energy conservation, Wrinkle Guard, three temperature options (High, Medium, Air), and a Refresh Function for added convenience. The
