

Expansion Continues at D&B Engineers and Architects with Two New Hires: Anthony Scuderi and Jenna Martin Join Firm

D&B Engineers and Architects has increased its employee roster with the hiring of two employees.

WOODBURY, NEW YORK, USA, March 26, 2024 /EINPresswire.com/ -- [D&B](#)

[Engineers and Architects](#), one of the region's leading engineering and consulting organizations specializing in wastewater, water supply, hazardous waste, construction management, architecture, solid waste, and civil and environmental engineering, has increased its employee roster with the hiring of two employees.

“

“Servicing the needs of clients above and beyond the norm is what distinguishes D&B Engineers and Architects as an organization.”

D&B President Steven A. Fangmann

D&B President Steven A. Fangmann commented, “Servicing the needs of clients above and beyond the norm is what distinguishes D&B Engineers and Architects as an organization. Our longstanding effort to innovate and broaden our services is exemplified by our policy of Total Customer Satisfaction. I welcome Ms. Martin and Mr. Scuderi aboard as the latest valued members of the D&B team. I am confident that their skills will assist D&B public and private clients in attaining their immediate and long-

term project goals.”

Ms. Jenna Martin of Deer Park, NY joins D&B Engineers and Architects as Construction Inspector in D&B's Wastewater Division in the Woodbury, NY office. She is a graduate of State University of New York (SUNY) at Delhi, NY with a Bachelor of Technology Construction Management in Design and Building. Ms. Martin was a Perkins Grant Recipient for Diversity in Construction and prior to joining D&B worked as an onsite field intern at J.C. Steel Corp., Bohemia, NY.

Joining D&B Engineers and Architects as Engineer I in D&B's Wastewater Division in the Woodbury, NY office is Mr. Anthony (AJ) Scuderi of Farmingdale, NY. Mr. Scuderi received his Bachelor of Science in Civil Engineering from the University of South Carolina (Columbia, SC) with concentrations in highway design and structural steel design. He comes to D&B from a post-

graduate summer position at The Town of Oyster Bay Department of Public Works, Engineering Division.

About D&B Engineers and Architects:

Since its founding in 1965, D&B Engineers and Architects has been recognized as a regional industry leader and innovator that provides sustainable and cost-effective engineering and environmental solutions. The firm's team of professionals work with partners to develop creative and effective approaches for solving a wide array of challenges with a special emphasis on wastewater management, environmental remediation and drinking water quality issues. Headquartered in Woodbury, NY, with seven offices throughout New York, New Jersey and Pennsylvania, the firm prides itself on implementing environmentally acceptable engineering solutions that offer safe and budget-conscious solutions for clients in the public and private sectors.
