/EINPresswire.com/ -- Becker Pumps

Corp, is pleased to announce the acquisition of Air-Vac Systems Inc., a vacuum pump and air compressor sales and service provider located in El Cajon, CA. The acquisition of Air-Vac is a significant step in the expansion of Becker's repair and service network across the U.S. and Canada. This acquisition will bolster their local presence, increase efficiency, expand reach, and ultimately elevate customer satisfaction. Together, they are poised to unlock new opportunities, drive growth, and set new standards of excellence in the industry.

We believe that this partnership will catalyze innovation, foster growth, and solidify our position as a leader in the industry."

Scott Miller

Investing in the expansion of the company's service and repair capabilities not only enhances Becker's competitive edge but also reinforces their commitment to delivering exceptional value to customers. By broadening the skills and knowledge base of employees, and leveraging the

resources and expertise gained through acquisitions, Becker is better equipped to respond to the changing demands of customers more effectively and provide customized solutions that meet their unique needs.

Through strategic acquisitions like this, Becker is better positioned for sustainable growth and success in the dynamic industrial equipment service and repair market, ensuring they remain at the forefront of innovation and service excellence. This strategic acquisition deepens Becker's geographical footprint and enables them to provide unparalleled assistance to customers across the United States and Canada.

"We are thrilled about the prospects following our acquisition in the service and repair market.

This strategic move not only enhances our capabilities but also strengthens our position to provide unparalleled services to our customers. The future is bright, and we are excited to embark on this journey of success and advancement with the knowledgeable team from Air-Vac,” says Jason Rathbun, Managing Director at Becker Pumps Corp.

“As a company recently acquired in the service and repair market, we are incredibly optimistic about the future ahead. This acquisition marks a significant milestone in our journey, one that promises an array of benefits and opportunities for both our team and our valued customers. By joining forces with Becker, we gain access to enhanced resources, expertise, and a broader network, enabling us to elevate our service offerings and deliver even greater value to our clientele. We believe that this partnership will catalyze innovation, foster growth, and solidify our position as a leader in the industry. Together, with Becker, we are better positioned to address evolving customer needs, explore new markets, and set new benchmarks for excellence. Our commitment to quality, integrity, and customer satisfaction remains unwavering, and we are excited to embark on this journey of collective success. The future holds immense promise, and we are enthusiastic about the possibilities that lie ahead as we merge our strengths and strive towards greater achievements together,” says Scott Miller, Operations Manager at Air-Vac Systems Inc.
