

# BD Launches the Revolutionary TorqueMaster Ford 6R140 Transmission & Converter Package

*Designed exclusively for 2011-19 Ford 6.7L Power Stroke F250, F350, F450 and F550 models, this innovative package promises unmatched durability and performance.*

ABBOTSFORD, BRITISH COLUMBIA, CANADA, March 26, 2024

/EINPresswire.com/ -- BD, a leading name in the automotive aftermarket sector, proudly announces the release of the [TorqueMaster Ford 6R140 Transmission & Converter Package](#).

Designed exclusively for 2011-2019 Ford 6.7L Power Stroke F250, F350, F450 and F550 models, this innovative package promises unmatched durability and performance, especially for vehicles engaged in high horsepower and heavy-duty towing activities.

Unparalleled Features for Maximum Performance:

- Enhanced Clutch Counts and Patented Billet Interlocking Reaction Plates: Offering increased strength and durability to withstand the rigors of heavy towing and high horsepower demands.
- Upgraded Shafts for Heavy Duty Use: With upgraded input and intermediate shafts, the TorqueMaster addresses and solves common issues such as broken shaft problems, ensuring reliability under demanding conditions.
- Innovative Pro Force 4D Torque Converter: This new torque converter features a forged Billet cover and a larger apply piston, significantly enhancing clamping force and reliability.
- Captured Clutch Design for Smooth Operation: Despite its robust enhancements, the TorqueMaster retains a stock-like drivability with additional strength and capacity.
- Versatility: It is perfectly suited for heavy towing, high horsepower, and Hot Shot applications,

making it the ideal choice for a wide range of demanding tasks.

#### BD's Commitment to Excellence:

The TorqueMaster Transmission & Converter Package is a testament to BD's commitment to quality and innovation. This package is engineered to offer longer life and increased torque capacity for high-power/heavy towing applications without compromising drivability.

#### Availability:

The TorqueMaster Ford 6R140 Transmission & Converter Package is available in two versions to cater to a wide range of Ford trucks:

PN 1064504BM for 2011-2016 6.7L Power Stroke F-250, F-350, F-450 and F-550 2WD/4WD models

PN 1064514BM for 2017-2019 6.7L Power Stroke F-250, F-350, F-450 and F-550 2WD/4WD models

This package is aimed at individuals who have previously experienced transmission failures and seek a high-quality product to minimize future issues, as well as heavy-duty towing enthusiasts and those with vehicles with high horsepower beyond basic tuning modifications.

#### About BD:

BD stands at the forefront of aftermarket parts design, manufacture, and distribution for diesel and gas trucks, encompassing a broad spectrum of light to heavy-duty applications. Our innovative lineup features advanced technology in transmissions, turbochargers, manifolds, fuel injectors, steering and suspension components, and electronic controls, setting new standards for quality, durability, and performance.

With a world-class Research & Development team and state-of-the-art manufacturing capabilities, BD consistently leads the industry, introducing groundbreaking products annually. Driven by a relentless commitment to continual improvement, dependability, and fostering growth, BD empowers and transforms the lives of our employees, partners, and customers, turning aspirations into achievements. We get you there!

As a proud company member of the Burnout Brands group, BD stands as a beacon of excellence in the automotive aftermarket sector.
