

Maverick's Legacy donates over 700 LifeVac's, saves 2 lives and counting, acknowledges National Choking Awareness Day

Airway Clearance Devices Save lives

BRANCHVILLE, NJ, USA, March 27, 2024 /EINPresswire.com/ -- We all hope you are never faced with a choking event, however if this happens to yourself or a loved one it is one of the scariest things that occurs in a split-second. Kimberly and Darrin Chambers know the pain, helplessness, and loss of life from choking when on April 23rd, 2022, their son Maverick Scott Chambers tragically passed away from a choking accident when he was just 4 months and 26 days old.

Shortly after Maverick's passing The Chambers family formed [Maverick's Legacy](#), a 501c3 non-profit organization in his memory. Their mission is to reduce avoidable choking deaths and injuries to build a legacy in Maverick's name to help communities, spread joy, and raise awareness around the dangers of choking for infants and children. To this end, they are providing LifeVac's to save lives and ensure Maverick leaves a lasting footprint upon this world that he left far too soon.

“

While we can't change our past, we can change the future for others, so they do not have to experience a tragedy similar to our own”

Kim Chambers

“While we can't change our past, we can change the future for others, so they do not have to experience a tragedy

similar to our own” says Kim Chambers

Kim and Darrin Chambers, provide lifesaving LifeVac airway clearance devices to first responders and schools throughout the country. They also provide training programs to educate people in the use and deployment of LifeVac. To date Maverick's Legacy has donated over 700 LifeVac's

and facilitated countless demonstrations.
