## Specialty of the Company

The top reason to choose Freedom Building Services is that it is a veteran-owned company. Because, nothing says “commitment” like a company owned by a veteran. David has built his company upon the foundation of discipline and principles he gained during his service. In further solidifying their reliability, their BBB Accreditation and commitment to adept CDC-recommended cleaning practices are of paramount importance.

At Freedom Building Services LLC, David and his team are missioned to deliver a higher level of thorough and detail-oriented cleaning services to their customers. Utilizing state-of-the-art technologies like electrostatic spraying they ensure spotless cleaning services. They understand the need for different janitorial approaches to different spaces. So they tailor their approach according to those needs. For instance, They use a two-rag system for restrooms to prevent the contamination from spreading to other floors, and specific cleaning applications for medical-grade cleaning for medical offices.

Besides providing a space-oriented approach, they provide eco-friendly products upon request. They offer safe cleaning solutions for dental office, hospital, medical office, and other practices. Also, they extend their safe cleaning approaches to daycares and schools to ensure a toxic-free, yet effective cleanliness.
