

FREEN Celebrates Success at WindEurope Annual Event 2024

FREEN, a leader in the renewable energy sector, proudly announces its triumphant participation in the WindEurope Annual Event 2024

KOHTLA-JÄRVE, IDA-VIRUMAA, ESTONIA, March 27, 2024 /EINPresswire.com/ -- [FREEN](#), a leader in the renewable energy sector, proudly announces its triumphant participation in the WindEurope Annual Event 2024, which concluded in Bilbao, Spain. Showcasing its innovative flagship product, the [FREEN-20](#), the company captivated attendees and set a new standard for wind energy solutions worldwide.

During the event, the FREEN-20 emerged as a focal point of interest among industry experts, potential clients, and partners, highlighting FREEN's commitment to innovation, sustainability, and the future of clean energy. The product's unique features and the company's dedication to quality were met with widespread acclaim, signaling a bright future for both FREEN and the renewable energy industry at large.

“

This event has been an invaluable opportunity to showcase our technological advancements and solidify our place in the renewable energy landscape”

*Gregory Levkovets, COO of
FREEN*

The exhibition proved to be a fruitful ground for dialogue, with FREEN engaging in meaningful conversations with stakeholders from various countries. The event facilitated the scheduling of several visits to FREEN's manufacturing facilities by interested parties, eager to learn more about the company's production standards, quality, and capabilities. This international interest underscores the global demand for sustainable energy solutions and positions FREEN as a key player in the global transition towards renewable energy.

"FREEN is thrilled with the reception of the FREEN-20 and the successful outcomes of our participation in WindEurope 2024. This event has been an invaluable opportunity to showcase our technological advancements and solidify our place in the renewable energy landscape," said Gregory Levkovets, COO of FREEN. "We look forward to the future collaborations and projects that have been initiated here, which will undoubtedly contribute to our mission of advancing wind energy and promoting sustainability on a global scale."

The company's participation in WindEurope 2024 marks a significant milestone in its journey towards fostering a sustainable future. With the positive feedback and interest generated at the event, FREEN is more committed than ever to continuing its research, development, and innovation in renewable energy solutions.
