NEW YORK, NY, UNITED STATES OF AMERICA, March 28, 2024 /EINPresswire.com/ -- Elton Ilirjani, international model, activist and philanthropist modelled the first look at Malan Breton's exciting new collection for Autumn/Winter 2024/2025 in Paris, France. In addition, whilst in Paris Elton was the subject for a new documentary by Malan Breton, *Je Suis Mona...* - A documentary about Elton through the eyes of Malan Breton, incorporating fashion and the journey that Elton has taken to be able to express themselves. Directed by Malan Breton and Yongxin Li.

For Fall Winter 2025 Malan Breton presents a collection inspired by the Glam Rock era of the 1970's. While creating his ode to many of the artists that influenced one of the greatest eras in the history of music, film, and art. Breton studied carefully, the lifestyle, the silhouette, the moments that shined brightest. Then drafted a collection crafted in leather, suede, chrome, sequins, and silk, in colors of black lacquer, lucent white, midnight plum, and fiery red the Malan Breton vision for AW24/25 is a visual symphony of decadence, and glamour fusing the mystery of the glitteriest era in music and film. Some of the greatest musicians in history, Queen, Bowie, KISS, and the NY Dolls greatly inspired Malan Breton over the years. Known as "the master of the made to measure suit" (Fashion United), Breton turned to suiting to as a starting point to displaying his vision, then reinvented capes, dramatic shoulder details, and used hand stud work, hand cut fringe, hand applied sequins, and crystal elements to bring the final details to life. In honor of many of the musicians that inspired him as a young musician, dancer, and artist, before discovering his love of creating fashion.
