Nina's Edibles were created in collaboration with Ruby Balam, CEO and Founder of [Real Dog Box](#); and Blanche's Edibles were developed in a joint effort with Charisa Antigua and Carmina O'Connor, Founders of [CocoTherapy](#).

CBD Dog Health + Real Dog Box present Nina's Edibles: Nutritious CBD Dog Treats

Nina and the other rescues on her farm, Angela collaborated with Real Dog Box to curate a delicious blend of real food ingredients—including turkey, duck, wild-caught anchovies, and organic mushrooms—to create the perfect crunchy meatball treat. Each bag of Nina's Edibles contains 250mg of CBD Dog Health's proprietary Full Spectrum Hemp Extract, ensuring a delightful combination of real nutrition and holistic wellness for our furry companions.

Blanche's Edibles, developed in concert with CocoTherapy, are organic, vegan, grain- and gluten-free treats designed for pets with sensitive stomachs. Using premium coconut and coconut oil sourced from CocoTherapy's family farm in the Philippines, these treats are the epitome of nature's goodness.

Each bag contains 250mg of CBD Dog Health's proprietary Full Spectrum Hemp Extract CBD, providing the perfect combination of whole food nutrition and natural calming CBD for pets, helping to keep them nourished and calm.

Ardolino said, "Partnering with women-owned businesses to create these incredible CBD-infused treats—particularly Real Dog Box and CocoTherapy, who continue to advocate for holistic pet health—has been extremely exciting. We're dedicated to offering pet parents the highest quality, real food solutions, infused with our premium Full Spectrum Hemp Extract. It's a win-win for our beloved pets!"
