About NGL:

NGL is a fresh take on Q&A; the app provides a safe space for users to be their authentic selves, without the unrealistic expectations of traditional social media. NGL launched on November 7th, 2021, hailed from a small group of friends in Venice Beach, California. NGL's founders saw the state of social media and its detachment from reality, and they wanted to make a change... so

they did! NGL first went #1 on the App Store in the summer of 2022, and since then, it's helped more than 200 million users to be their authentic selves online.
