

Community Clinic Acquires Community Physicians Group

SPRINGDALE, ARKANSAS, UNITED STATES, April 1, 2024 /EINPresswire.com/ -- Community Clinic, one of Northwest Arkansas's largest primary care providers, is thrilled to announce its recent acquisition of Community Physicians Group (CPG) of Siloam Springs. The acquisition significantly broadens the Community Clinic's footprint and enhances its capacity to meet the healthcare needs of all members of the Northwest Arkansas community.

This strategic acquisition will integrate seven of CPG's clinics across Northwest Arkansas and eastern Oklahoma into the Community Clinic framework of more than 20 locations. The expansion aligns perfectly with Community Clinic's mission to deliver accessible, high-quality healthcare services to individuals and families throughout the region.

Judd Semingson, CEO of Community Clinic, expressed his enthusiasm, stating, "We are excited to extend a warm welcome to the patients and staff of Community Physicians Group as they become part of our Community Clinic family. This venture underscores our commitment to providing exceptional care and support throughout our region and will provide tremendous care and access to the patients we serve."

Community Clinic is dedicated to ensuring a seamless transition for former CPG patients – living out its motto of "We Care. You Belong." The clinic remains steadfast in its commitment to maintaining continuity of care and fostering patient-provider relationships, ensuring that every individual continues to receive personalized attention and top-tier care.

Beyond simply expanding its clinic network, Community Clinic aims to utilize this acquisition to enhance its service offerings and further integrate healthcare delivery across the region. By combining resources and expertise, the clinic seeks to address the evolving healthcare needs of the community more effectively.

As Community Clinic embarks on this new chapter, it extends its gratitude to patients and staff for their ongoing support and dedication. Together, they are committed to shaping a healthier, brighter future for all.
