

# Amalfi Jets Launches “Amalfi X” Space Flights

*Amalfi Jets has gone stratospheric with the announcement of its space flight offerings, marking the first of its kind in the private jet charter industry.*

LOS ANGELES, CA, UNITED STATES, April 1, 2024 /EINPresswire.com/ -- [Amalfi Jets](#) has gone stratospheric.

In the wake of continued growth, the Los Angeles-based private jet charter provider has announced the launch of “Amalfi X” space flights today, April 1st, marking the biggest move in the company’s history.

Amalfi X Flight in Orbit

“We are teeming with excitement at finally being able to announce this news,” [Kolin Jones](#), Founder & CEO of Amalfi Jets, said. “We have kept this project under wraps for the past year and are proud to begin offering these amazing flights to our clients.”

“

We are excited to afford this one-in-a-lifetime opportunity to our clients, especially our loyal members who have explored earth with us and are now taking to space.”

*Kolin Jones, Founder & CEO*

Amalfi has struck a deal with US Space Agencies to use last-generation space shuttles to operate the flights, staying true to the company’s charter-broker business model. Flights promise to offer a “once in a lifetime” journey for guests, and those onboard will experience weightlessness and breathtaking views.

“The Space Shuttle marked an era of great success for the organization and is symbolic of what can be achieved through collaboration,” Jones said. “We’ve always aimed to push the boundaries of private aviation and with Amalfi X, we’ve entered a new frontier, providing our clients a truly unparalleled experience.”

Pre-booking begins today, April 1st, with initial flights expected to blast off in Q3 of this year. Flight offerings are hosted on the [Amalfi Jets App](#) amongst the company’s existing product lineup. The expected price for these rocket flights will start around \$450,000 and will launch from the Amalfi Space Port in Agoura Hills, CA to multiple exotic locations, such as Mars, the moon,

and surrounding galaxies.

“Amalfi X is thrilled to be partnering with the foremost launch pad at the Amalfi Space Port,” Jones said. “This partnership allows us to offer our client’s other-worldly journeys throughout our universe.”

Amalfi Jets expects there will be high demand for the rocket seats, and most flights will only accommodate 6-8 members. Therefore, it is encouraged to book early as the rockets are limited. Further, booking on the app allows current Amalfi Reserve and One Jet Card members to secure their spots before the flights are widely available.

“We cannot wait to explore the greatest frontier with our clients,” Jones said. “We hope to continue offering these flights beyond this year but encourage our members to book now since space is limited,” Jones said.

Download the Amalfi App to stay up to date on launches and secure your seat into the cosmos today.

Amalfi Jets offers a wide range of services as a global private jet charter and jet card provider. With access to over 3,500 aircraft across 170+ countries, Amalfi Jets’ clients enjoy the convenience of booking every part of their trip through one trusted company.

Amalfi Jets is honored to provide exceptional customer service, with their in-house Concierge Team that is available 24/7 for their cardholders and maintains auxiliary personnel on their team that will strengthen this offering. The full Amalfi Experience includes complimentary Black Car Service, premium cuisine/alcohol, and an in-person representative at every departure airport.

Amalfi X Re-entering the Atmosphere

Amalfi Jets ensures the safety and comfort of its passengers by maintaining the highest cleanliness standards and requiring newly refurbished, stain-free, and damage-free aircraft in their network.

If you have yet to experience flying with Amalfi Jets and wish to learn more about this offer, reach out to an Amalfi Jets representative.
