The new and exciting floral design class is now available for those looking to tap into their creative side. The two-hour long class operates in two halves, providing a well-rounded Mother's Day experience for participants. The first hour consists of a sign-in process, a meet and greet, and introductions to the other members of the class. The second hour is where the real fun begins, as participants get to make two floral designs under the tutelage of a master designer.

The class, offered by Peoria Florist aims to provide a unique and interactive experience for individuals interested in floral design. Unlike traditional classes that focus solely on theory and techniques, this class offers a hands-on approach that allows participants to create their own designs. During the second hour, participants will have the opportunity to make two floral designs - one bigger bouquet for themselves and one smaller one that can be given away as a gift, "One for me, one for you." Under the guidance of a master designer, participants will learn the art of floral design and get to take home their creations. This class is perfect for those looking to learn a new skill, bond with others, or simply have a fun and creative experience.

The floral design class is open to individuals of all skill levels and is a great way to spend a couple of hours in a relaxed and welcoming environment. With limited class sizes, participants will receive personalized

attention and guidance from the master designer. This is fabulous opportunity to indulge in some bubbly and get creative with flowers. Whether you're looking for a fun outing with friends or a Mother's Day experience, Bouquets and Bubbles "One for You, One for Me" is the perfect event for you.
