Covid-19 Scenario:

The pandemic had highlighted the importance of investing in social and environmental solutions, and had led to an increased interest in impact investing among investors seeking to support pandemic response and recovery efforts.

On the other hand, the economic disruption caused by the pandemic had led to a slowdown in the growth of the impact investing market, with some investors shifting their focus towards more traditional investments.

Overall, the outbreak of the COVID-19 pandemic had a mixed impact on the growth of the global impact investing market, as it certainly brought both challenges and opportunities for impact investors.

The research provides detailed segmentation of the global impact investing market based on sector, investor, and region. The report discusses segments and their sub-segments in detail with the help of tables and figures. Market players and investors can strategize according to the highest revenue-generating and fastest-growing segments mentioned in the report.

Based on sector, the energy segment held the highest share in 2021, accounting for nearly one-

third of the global impact investing market, and is expected to continue its leadership status during the forecast period. However, the education segment is expected to register the highest CAGR of 13.8% from 2022 to 2031.

Based on investor, the institutional investors segment accounted for the highest share in 2021, contributing to more than two-thirds of the global impact investing market, and is expected to maintain its lead in terms of revenue during the forecast period. However, the others segment is expected to manifest the highest CAGR of 11.5% from 2022 to 2031.

Based on region, North America held the largest share in 2021, contributing to more than two-fifths of the global impact investing market share, and is projected to maintain its dominant share in terms of revenue in 2031. In addition, the Asia-Pacific region is expected to manifest the fastest CAGR of 12.4% during the forecast period.

Leading market players of the global impact investing market analyzed in the research include Goldman Sachs, Morgan Stanley, Blueorchard finance ltd, Bridges fund management ltd., Vital Capital, Reinvestment fund, Manulife Investment Management., Bain capital, Leapfrog investments, Omidyar network.

The report provides a detailed analysis of these key players of the global impact investing market. These players have adopted different strategies such as new product launches, collaborations, expansion, joint ventures, agreements, and others to increase their market share and maintain dominant shares in different regions. The report is valuable in highlighting business performance, operating segments, product portfolio, and strategic moves of market players to showcase the competitive scenario.
