

# Wade Architectural Systems Announces Dealership Partnership with Fräsch: Acoustical Solutions for Modern Spaces

HUMBLE, TEXAS, USA, April 3, 2024

[/EINPresswire.com/](https://EINPresswire.com/) -- Wade Architectural Systems, a leading provider of architectural products and solutions, is thrilled to announce its new Representation partnership with Fräsch, a trailblazer in the acoustical solutions industry. This partnership is a commitment to enhancing architectural spaces with innovative and functional products.

Acoustical Solutions

Fräsch is renowned for its expertise in creating acoustical solutions that blend inventive design with practical

application. Specializing in PET felt sound-dampening products for walls, ceilings, and lighting, Fräsch solutions are designed to reduce unwanted reverberation in any space, whether it be work environments, educational spaces, or even healthcare and hospitality environments.

“

Our partnership with Fräsch represents a pivotal step forward in our mission to deliver cutting-edge architectural solutions to our clients.”

*Peter Parnham*

“Our partnership with Fräsch represents a pivotal step forward in our mission to deliver [cutting-edge architectural solutions](#) to our clients,” said Peter Parnham, VP of Wade Architectural Systems. “Fräsch's commitment to innovation, quality, and design excellence aligns perfectly with our values. This partnership enables us to expand our reach and impact, bringing their acoustical solutions to more spaces in need of sound management without sacrificing design.”

Wade Architectural Systems will offer Fräsch's full range of acoustical solutions, providing clients with access to products that are at the forefront of technology and design. The partnership is poised to set new standards in the industry, marrying form and function in ways that elevate

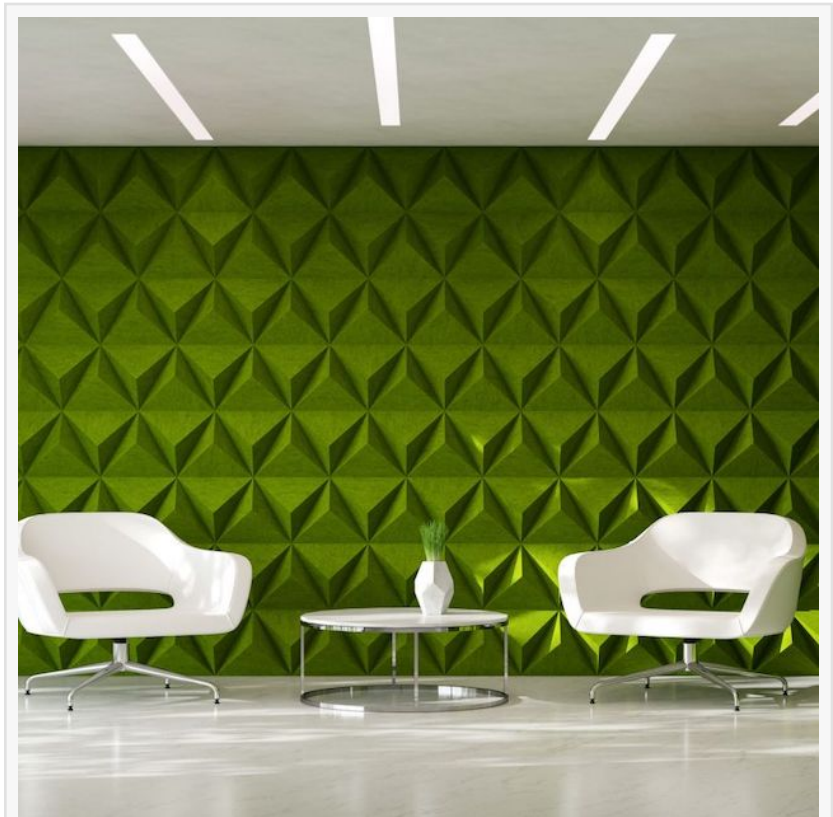

both the aesthetic and acoustic quality of spaces.
