

Where Construction Industry Leaders Digitally Collaborate - April 4, 2024

Peer-to-peer digital content sharing for the construction and building industry

SUNDRE, ALBERTA, CANADA, April 4, 2024 /EINPresswire.com/ -- Since its establishment in 2003, Construction Links Network has emerged as a premier news and information hub in the construction sector. With a commitment to enhancing the digital presence and search engine visibility of its members, Construction Links Network has become an indispensable resource for a wide array of professionals. This includes construction managers, contractors, developers, building and property managers, architects, designers, engineers, and government officials.

As a dynamic hub for digital content dissemination, Construction Links Network offers its members diverse engagement opportunities through news releases, company announcements, blogs, podcasts, webinars, case studies, whitepapers, and videos.

This week's highlighted video by the Ledcor Group showcases the completion of the Trans Mountain Pipeline Expansion in the Lower Mainland, marking a significant milestone. Spanning 35 km from Langley to Burnaby, this project enhances critical infrastructure with the expansion of terminals and the construction of the Burnaby Mountain Tunnel. With Michels Canada and the Kiewit Ledcor Trans Mountain Partnership at the helm, the video celebrates the collaboration and technical prowess that minimized the impact on local communities, ensuring safe and efficient energy transportation.

This week's featured content includes a range of topical subjects:
