

AccuSourceHR Achieves C/TPA Accreditation

National Drug and Alcohol Screening Association (NDASA) awards C/TPA Accreditation

PHOENIX, AZ, UNITED STATES, April 8, 2024 /EINPresswire.com/ -- AccuSourceHR, Inc., a leading provider of screening solutions, including background checks, drug screening, employment

“

Accreditation is an important milestone for our organization”

Dan Filby, CEO

verification and occupational health services led by CEO Dan Filby, is pleased to announce its achievement in receiving consortium/third-party administrator C/TPA accreditation, awarded by the [National Drug and Alcohol Screening Association \(NDASA\)](#).

C/TPAs are responsible for aiding regulated employers in

managing random drug and alcohol testing, facilitating reasonable suspicion and post-accident screening, supporting mandatory reporting and audits, and administering required occupational health screenings. Accreditation acknowledges AccuSourceHR meets or exceeds all standards for data security and compliance, process knowledge and documentation, quality assurance and accuracy, and employer/donor education and resources.

“Accreditation is an important milestone for our organization,” said Mr. Filby. “Our Drug Screening and Occupational Health department has always maintained solid practices and ensured our clients receive a high level of care. C/TPA accreditation affords further validity of our processes and standards, providing current and future clients additional piece of mind.”

“While many CRAs (consumer reporting agencies) offer drug and alcohol screening as service options, C/TPA accreditation is relatively unique among CRAs”, Mr. Filby added. “It affords our clients a distinct advantage in working with a single provider for both drug and background services as often accredited C/TPAs do not facilitate background checks.”
