*Klaus Siegmann, Founder and
CEO of Relocity*

on the Financial Times list of The Americas' Fastest Growing Companies 2024—ranking as the 78th fastest growing company. This prestigious award is presented by the Financial Times and Statista Inc., the world-leading statistics portal and industry ranking provider. The awards list was announced on April 4th, 2024, and can be viewed on the FT.com website.

The Americas' Fastest Growing Companies 2024 ranking identifies companies with the strongest revenue growth between the years 2019 and 2022. The creation of the ranking was based on a four-step process, which included: 1. Application Phase: More than 30,000 eligible companies

were invited to register. Only companies that met the criteria could apply for the ranking; 2. Research Phase: Statista examined the officially stated revenue data of over 1000 publicly listed companies in the Americas, and added high-profile companies that met the criteria of minimum revenues, independence, and organic growth to the list; 3. Evaluation Phase: The compound annual growth rate was calculated based on the revenue figures submitted and verified by the companies; and 4. Ranking: The top 500 companies that met the criteria were ranked.

Based on the results of the study, Klaus Siegmann, Founder and CEO of Relocity remarks, “We are honored to be recognized in the Top 100 of the Financial Times list of The Americas' Fastest Growing Companies 2024. This is further testament to our groundbreaking innovation and relentless commitment to our customers and partners around mobility digital transformation and relocation excellence.”

Statista publishes hundreds of worldwide industry rankings and company listings with high-profile media partners. This research and analysis service is based on the success of
