Stocking up on premium materials from Starrett and Precision Brand is sure to supercharge fabricating and machining accuracy and efficiency.

Starrett Ground Flat Stock, renowned for its quality, is used in the production of many of Starrett's own Precision Measuring Tools.

Shimmy your next machining project to perfection with Precision Brand shim stock

A-2 Flat Stock:

- 5% chromium content for exceptional durability.
- Up to 50% more pieces per sharpening compared to oil hardening steel.
- High wear resistance ideal for stamping abrasive materials.

Oil Hardening Flat Stock:

- Dimensionally stable and finely machined for intricate work.
- Deep hardening characteristics and fine grain structure.
- Full-length identification for easy differentiation.

Low Carbon Free Machining Flat Stock:

- Best machinability of all steel flat stocks
- Substantial cost reductions without compromising quality.
- Perfect for a wide range of parts and applications.
- Can be carburized or case hardened for enhanced durability.

Don't miss out on these incredible deals to stock up on top-notch materials for industry.
