

# NOVILLA INTRODUCES FIBERGLASS-FREE MATTRESSES FOR A SAFE AND HEALTHY SLEEP EXPERIENCE

*Novilla, a leading provider of high-quality mattresses and sleep solutions, is proud to announce the launch of its new line of fiberglass-free mattresses.*

NEW YORK, NY, UNITED STATES, April 11, 2024 /EINPresswire.com/ -- [Novilla](#), a leading provider of high-quality mattresses and sleep solutions, is proud to announce the launch of its new line of [fiberglass](#)-free mattresses, addressing growing concerns about the safety and health implications of traditional mattresses.

In response to consumer demand for safer bedding options, Novilla has developed a range of mattresses completely free from fiberglass, a common but potentially hazardous fire retardant found in many affordable mattresses on the market today.

"We understand the importance of providing our customers with a sleep environment that prioritizes safety and well-being, at Novilla. "Our new fiberglass-free mattresses not only meet stringent safety standards but also offer unparalleled comfort and support for a restful night's sleep."

Fiberglass is a material commonly used as a fire barrier in mattresses, but its presence can pose serious health risks to consumers. Tiny glass shards from fiberglass can escape through the [mattress](#) cover, causing irritation to the skin, eyes, and respiratory system. Novilla's commitment to consumer safety led to the development of mattresses that eliminate this risk entirely.

Novilla Bliss Mattress

Novilla's mattresses are meticulously crafted to provide a safe and healthy sleep environment for their customers. By removing fiberglass from their products, they are ensuring that mattresses not only meet regulatory standards but also exceed expectations in terms of comfort, durability, and sustainability."

Novilla's fiberglass-free mattresses feature innovative design elements aimed at enhancing the sleep experience. Each mattress is ergonomically designed to fit the body's curves, providing optimal support and pressure relief. Additionally, the mattresses are made from breathable materials that promote airflow and regulate temperature for a cool and comfortable sleep environment.

"We believe that everyone deserves a good night's sleep without compromising on safety or comfort," at Novilla. With our fiberglass-free mattresses, customers can rest easy knowing that they are investing in a sleep solution that prioritizes their health and well-being."

In addition to being fiberglass-free, Novilla mattresses boast CertiPUR-US certification, a 10-year warranty, and a 100-night sleep trial, providing customers with peace of mind and confidence in their purchase.
