BIRMINGHAM , ALABAMA, USA, April 8, 2024 /EINPresswire.com/ -- The Alabama Mesothelioma Victims Center is urging the family of a welder or skilled trades worker who has just been diagnosed with mesothelioma anywhere in Alabama to call the Birmingham based Environmental Litigation Group anytime at 866-714-6466 to discuss financial compensation. The Alabama based Environmental Litigation Group is one of the nation's top law firms for people with mesothelioma and or asbestos exposure-lung cancer. Financial compensation for a welder-skilled trades worker with mesothelioma might be millions of dollars.

The group says, "We have helped dozens and dozens of welders and or skilled trades workers over the last nearly 20 years and most of these people initially set their ideas about financial compensation way too low. In the instance of a welder with mesothelioma in Alabama-there is a very good chance they wore an apron, helmet and gloves-all made with asbestos. This mentions nothing of the fact that they were frequently welding equipment or machinery that contained asbestos.

"If your husband or dad is a welder or skilled trades worker who has just been diagnosed with mesothelioma anywhere in Alabama-please call the remarkable lawyers at the Birmingham based Environmental Litigation Group at 866-714-6466. We are certain you will be glad you did."
